

Trustee Discussions September 2023

Our strong funding position continues. Reviewing our investments is the Trustees No.1 priority.

We have also agreed our responsible investing beliefs; and will publish these soon.

Our new look website is proving popular. PRISM is also being actively used by members; with more than 120 deferred members using the recently launched retirement quote online option.

Agreed updated good governance policies (TPR compliant) for our scheme – a key one being Cyber Security.

Agreed our Annual Report, Annual Newsletter to Members and our Implementation Statement; all of which will be published/available online by the end of October.

We wish our outgoing Chair, Jill Youds, well in her next venture and are very pleased to welcome Michelle Darracott to the trustees as our new chair.
